PREMIUM MATERIALS. INNOVATIVE DESIGN. INCLUSIVE SIZING.

When we started White Bear Clothing Company in 1993, we started with a few select items we could feel good about. We may have expanded our line since then, but our goal has remained the same:
Make good stuff and do it better than anyone else.

With up to 18 sizes available, we make it easy to fit everyone without additional cost concerns. It might sound like a simple approach...but our apparel?

It's suited for the long haul.
